The lands around the world of Ryzuo are in the throes of a complicated situation. The evidence of a terrible event that marked a turning point in time has reached a point of no return, and the result of the event will be revealed in a different world, but the fate of our world will also be revealed. The Lands Between is a game where the player leads one of two sides as a protagonist of a new fantasy action RPG. The player's character will shape the Land Between into a new continent, and will live there in the ruins of the Elden Kingdom. The story of the game begins with the protagonist's birth, and the World Tree has been growing since long ago. As a new continent comes into being, the player will interact with the people that live there, and unravel the story of Ryzuo through the Land Between. The world of The Lands Between is a vast, multi-layered world full of new and exciting experiences. As the Lands Between approaches its inevitable destiny, the player will travel to and explore this world. The Lands Between can be seen as the bridge connecting the real world to the Land Between, and the story begins here as a new, different fantasy action RPG. FEATURES: - An Epic Drama Born from a Myth - The First and the Last Fantasy Action RPG - A Greater World with a Vast 3D Map and Detailed Gameplay - The Ryzuo Fantasy Story Arising from a Tragedy - Characters with a Unique Lifestyle and Settings - A Feel of an Anime and a Cinematic Experience - A Collision of Complexity and Freshness - Fantasy Action RPG with a Unique Roguelike Strategy Element - Hundreds of items to Discover and Equip - A Huge Level of Details that Borns a Fresh Experience - A Story of a Large World to Exploring - The First Action RPG that can be Played Solo in Real Life NOTE: - The Land Between is in the process of development. There are currently no plans for a commercial release at this time. - The Land Between is being developed using Unreal Engine 4 on PC. - The Land Between will be available in the following languages: English, Spanish, French, Italian, German, Russian, and Japanese. - The Land Between is a single player experience. It is the first time a game is being released by an unknown developer who is making

## **Elden Ring Features Key:**

A Vast World Full of Excitement Explore one of the largest Fantasy worlds in an open world. The world will be refreshed in real time and various feelings will hit you throughout the course of your play. The impact of your action will go on affecting all elements of your play, including the movements of the NPC, the change in the story, and even the overworld.

Create your Own Character Add life to your own character by combining different kinds of weapons, armor, and magic. In this game, you can freely combine various kinds of weapons and armor. You can create a unique, custom character.

An Epic Drama Born from a Myth Elden Ring features a separate story in the Lands Between, which involves many characters and is filled with vivid emotion. The players interact with each other through the contact of dreams and speak to others in words created by the lore elders of the various schools. The story gradually unfolds and the players slowly understand the thought processes of the characters they have become.

Unique Online Play that Loosely Connects You to Others Online, you can directly connect and travel together with other people and explore the limitless world. You can experience an adventure story together. The adventure is connected to the various players through the use of the asynchronous online element in the lands between.

OVERALL Smooth and Comfortable Controls During battle, you can freely perform actions such as moving around and attacking your enemies, with the D-Pad and the left and right cross pads, while simultaneously targeting your opponent. Smooth and stable movement during battle is possible by moving the character in the direction of the D-Pad's direction, allowing you to easily perform commands with simple action and play. During battle, you can also freely aim your weapon without any restrictions, allowing you to command your weapon to perform actions with the left and right cross pads and the D-Pad. Virtual Platforming: During battle, if the character is moving in the direction of the D-Pad's direction, you can enter enemy turns by moving the character away from the direction of the enemy while moving in the direction of the D-Pad's direction. You can also enter enemy turns by moving in the direction of the D-Pad's direction, letting you perform commands with even simpler action and play. Additionally, if the character is moving in the direction of the D-Pad's direction, aiming your weapon and attacking enemies will be possible. Furthermore, it is possible to lock the position of the character by moving in the direction of the D-Pad's direction, letting you move freely and aim your weapon while confirming your position. All of this is made possible by the virtual platforming that includes gravitational action, allowing you to quickly and easily change direction. The Feeling of "Letting Off Steam" During your travels, you can descend via a slanted board, a slanted bridge, a slanted rope, and a slanted pole, to immerse yourself in the fantasy action adventure. The feeling of "letting off steam" at the time of letting go of the D-Pad, the left or right cross pad, and the action buttons when descending is certainly exciting. An Adventure and a Journey During your travels, you can freely choose your own route and adventure, letting you experience the fantasy in which your experience will greatly affect your journey. During the journey, you can freely adjust your path, and you can also freely choose your objective and contact the people you meet along the way. It is possible to completely change your route
