The Elden Ring is a fantasy action RPG that draws inspiration from a Japanese online game. 'Elden Ring' (Ring of Elden) is a project developed by Hagare-tec. It was established in 2016 under new management. A fantasy action role-playing game that allows you to experience, from the perspective of the player, a game world that is far greater than the player's hands. You become a new kind of person in a fantasy world created by the player. A player can freely modify and create everything in the game world with their own hands and experience a game world unique to each player.
